

SEIU is developing an online financial education toolkit, specially designed to help you manage your money and save for your financial future.

The online resource includes:

- Practical lessons to help you save for your children's education, purchase a home, plan for retirement, and more;
- Tutorials on different financial education products and guidance to determine which ones are right for you;
- Advice on how to avoid high fees and costly service charges; and
- Links to helpful and simple online education resources.

SEIU is serious about helping you find the best financial products for you.

Avoid common financial traps. Use SEIU's financial education toolkit to stabilize your finances and build a nest egg for your future.
